Dermo-cosmetics & Aromatherapy

TARGETED PROBLEMATIC

Skin cleansing (face and body)

TARGETED CUSTOMERS

While eczema currently affects 2.5 million of French people and psoriasis 2 million, Gimme Soothing! knows how to take care of your skin. For dry (or very dry), irritated, damaged, or itchy skin, this cleansing base will gently purify and soothe it. Enriched with vegetable glycerin, it provides comfort and protection for the happiness of the most sensitive of all the family.

KEY QUESTIONS

- 1) What is (are) the problems to treat ? On which area(s) ?
- 2) How do you use to clean this/ these sensitive area(s) ?
- 3) Which treatment(s) have you already tried to treat it (them) ?
- 4) Do you know vegetal glycerin and its benefits for the skin ?
- 5) What do you think about a natural, gentle and efficient solution to renew and sooth your skin ?

vegetable oil**

SOME ADVICES

To clean your sensitive skin with our family cleansing base Gimme Soothing, apply it gently all over the body. You might be sceptical at the beginning because it does not really foam. Non foaming simply means that Gimme Soothing ! does not contain chemical detergents or caustic soaps.
